

Song of the sea  
(Isabel Cantara 2021)

Am                      Gdur              Am  
I sing to the ocean - a song for the sea  
Am                      dm              Am  
I sing to the ocean - I know it is me  
Gd                              Am  
Sea and stone - blood and bone  
em              Am  
blood and bone

I sink to the ground and listen to the sound  
of water and stone creating a song  
song of the sea - song for me  
to be free

The seasons and cycles the waves and the tides  
the waxing and waning  
the spirals of life  
this way we grow this way we thrive  
this way we thrive

So don't be afraid it's all going to be fine  
we stand up and fall and we stand up again  
This way we dance through space and time  
space and time
